

Stark Industrial 's Truck Wash is formulated for use on delivery trucks, vans, trailers, tractors, truck cabs, R.V.'s and buses. Can be applied with high or low pressure with hot or cold water. Truck Wash breaks the magnetized bond holding dirt to truck surfaces. It removes stubborn traffic film exhaust deposits and bug residue on truck cabs and trailers without time consuming brushing.

DIRECTIONS: For maximum cleaning efficiency, dilute Truck Wash 1:25 with water and apply to surface to be cleaned. Apply Truck Wash from the bottom up. Allow time for Truck Wash to penetrate the soil, but **DO NOT** allow to dry. Rinse all surfaces (working from the top down) thoroughly, especially glass, with clean water. For light cleaning or with brush dilute Truck Wash up to 1:100.

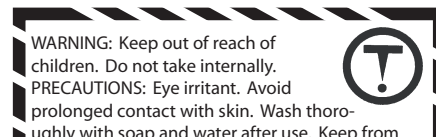

Truck Wash

Heavy Duty Fleet Wash and Traffic Film Remover

Hand, Automatic or Pressure Wash
Removes stubborn grime without agitation
No brushing required
Ideal for pressure washer

Avoid contamination of food in use and storage of this product.
For Industrial, Institutional and Food Plant Use.

☐ 4L ☐ 20L

WARNING: Keep out of reach of children. Do not take internally.

PRECAUTIONS: Eye irritant. Avoid prolonged contact with skin. Wash thoroughly with soap and water after use. Keep from freezing. **FIRST AID:** If swallowed, give 1 or 2 glasses of milk or water. Call a physician. Do not give anything by mouth if victim is unconscious. If eye contact occurs, flush immediately with water for at least 15 minutes. Call a physician. If skin contact occurs wash thoroughly with soap and water. If skin irritation occurs, call a physician. **FOR FURTHER INFORMATION REFER TO MATERIAL SAFETY DATA SHEET.**
